

15 August 1979

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

Deputy Director of Public Affairs

SUBJECT: Petersburg Trip

You may get some questions on the Recruitment ad in Petersburg tomorrow. Attached are the Questions & Answers that we and the Office of Personnel put together, and which have been used extensively in responding to the phenomenal media interest generated by the ads.

Dr. Tietjen (pronounced Tee-gen) has decided to meet you at the airport and he will introduce you to the Rotary Club. In his last years here, he was quite interested in the Agency's projection of itself and traveled with  on some speaking engagements. We expect this to be a very friendly audience.

While the media will not cover your presentation as an event, we would hope to get some coverage from media officials who may be there as members of the Rotary.

Let us know if there is anything further we can do. As usual, I will accompany you and meet you in your office Thursday morning at 1100.
